<b>Regulation Number:</b>  1302.42(b)(2)		<b>Regulation Topic: Hearing and Vision Screenings</b>	<b>Policy Title: Infant &amp; Toddler Vision &amp; Hearing Screening Requirement</b>

**Policy:**

MAHS and all direct service providers who have infants and toddlers who are not up to date on their well-child care exam, must utilize the age appropriate “MARC Early Head Start Vision and Hearing Screening Tool” (Form 1040) and/or their own approved tool to screen the child’s vision and hearing within 45 days of enrollment. Screening results are to be entered and uploaded into the ChildPlus® database and placed in the child’s file.

**Note:** Tier 1 & Tier 2 screening results will be entered and uploaded in ChildPlus by the MARC Data Team.
