(MARC Head Start currently has an agreement with Fort Hayes State, MCC and UCM only.) If MARC Head Start does not have a third-party agreement with the institution this may extend the process time.

The receiver of education funds is to provide documentation of enrollment; documentation of progress (for CDA training); and submit certificates or grade cards to show successful completion of training or coursework on a quarterly basis or semester basis.

If the receiver of education funds fails a course, MARC Head Start will not pay for that class again.

If the receiver of education funds drops a class all funds paid by MARC Head Start for books or tuition, should be reimbursed to the direct service provider that employs them. The direct service provider training plan total budget will be reduced by the cost paid for books or tuition.

When a CDA is due for renewal, Site Management from a Tier 1 or Tier 2 direct service provider should support staff in completing requirements for renewal. MARC Head Start will pay the cost of renewal. If a CDA is not renewed and allowed to expire, MARC Head Start will review to determine if any portion of the cost to apply for a CDA will be paid by MARC Head Start.
