Department: Health/Mental Health	Effective Date: 07/01/2019 Revised 05/20/2020	Procedure Number: Mental Health 2115
Regulation Number: 1302.80 (c)-(d) 1302.80 (a)-(b)	Regulation Topic: Services to Pregnant Women	Procedure Title: Services- Pregnant Women-Edinburgh Postnatal Depression Screening

At minimum, direct services providers serving pregnant women will administer an Edinburgh Postnatal Depression Screening within the first 30 days of enrollment and again within two weeks postpartum.

- When the Edinburgh is administered, it must be scored and reviewed by the Home-Based Educator or designated staff.
- If the mother scores a 10 or greater, please refer to your program's mental health staff or MARC Mental Health Consultant assigned to your site.
- Home-Based Educator or designated staff should always review question 10 and refer to your program's mental health staff or MARC Mental Health Consultant or Supervisor if there are concerns.
- A copy of the Edinburgh will need to be submitted to the MARC data team for data entry (Tier 1 and 2). Completed copies can be found in the health section in Childplus.
